EXECUTIVE SUMMARY

Motivated Computer Science (Internet of Things) undergraduate with a strong foundation in Java, data analysis, web development, and problem-solving. Seeking a Software Engineering Internship or Software Development Engineer role to apply technical knowledge and contribute to scalable software solutions. Experienced in building an Intelligent Pesticide Sprinkling System using IoT and AI concepts for real-world agricultural applications.

INTERNSHIP EXPERIENCE

Accent Technosoft

May 2025 – June 2025

Web Application Developer Intern

- Engineered scalable web application features using Java, Spring Boot, React.js, and MySQL.
- Used RESTful APIs, integrated MySQL databases, and improved application performance through debugging and testing.
- Leveraged Git and adhered to SDLC best practices for efficient software development and version control.

TECHNICAL SKILLS

Programming Languages: Java, SQL, JavaScript

Web Technologies: HTML5, CSS3, React.js

Backend: Spring Boot, RESTful APIs

Database: MySQL

Data Analytics: Power BI, Data Analysis, Data Visualization

Tools: Git, Postman, Spring Tool Suite (STS), Visual Studio Code, Power BI

PROJECTS

Intelligent Pesticide Sprinkling System Determined by the Infection Level of a Plant

Tech Stack: IoT, CNN, OpenCV, ESP32/Arduino

- Built an IoT-based intelligent pesticide sprinkling system.
- Applied CNN for plant disease detection and automated pesticide spraying.
- Integrated ESP32, OpenCV, and sensors for real-time monitoring.

Fitness Goal Tracker

Tech Stack: React.js, Spring Boot, MySQL

- Developed a full-stack fitness tracking application with goal and workout management.
- Designed RESTful APIs, integrated MySQL, and implemented secure user authentication.

Real Estate Market Trend Analysis (2021–2024)

Tech Stack: Power BI, DAX

- Created an interactive Power BI dashboard to analyze property sales and pricing trends.
- Performed data modeling and DAX analysis to generate business insights.

EDUCATION

B.E. Computer Science and Engineering (Internet of Things)

2027

Sri Krishna College of Technology, Coimbatore

CGPA: 8.2

Higher Secondary

2023

Percentage: 75%

Secondary

2021

Adhiyaman Public School

Percentage: 80%

CERTIFICATIONS & ACHIEVEMENTS

- NPTEL – Introduction to Internet of Things (Silver).
- Participated in **Synergy Surge – Srishti'24**, a national-level coding competition.
- Presented the paper "*Quenching the Thirst for Innovation: IoT in Water Distribution*" at **Yugam'24**, Kumaraguru College of Technology (KCT).
